PEER Bootcamp Platform

What is PEER Bootcamp?

PEER Bootcamp

PEER bootcamp is a free resource to help disease advocacy organizations and communities set up and sustain their own registry.

We’re building the mini-site, situated on the future PEER website, which acts as an educational module giving people a step by step guide, with a few extra features.

Site Overview

Page overview

A responsive site for both desktop and mobile.

Homepage

Menu

About Page

Section 1: 3 long scroll pages

Section 2: 2 long scroll pages

Section 3: 5 long scroll pages

Section 4: 4 scroll pages

Total: 20 pages (lots of sections have the same design so lots of repetition.)

_Hosted on Genetic Alliance Server _ Build in PEER folder

_ Final pages PNGs
